IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Letters Patent of:
John Bruce SMITH

Patent No.: 6,932,003B2

Issued: August 23, 2005

For: MOBILE FURNACE AND METHOD OF
FACILITATING REMOVAL OF MATERIAL
FROM WORKPIECES

**REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR 1.323**

Attention: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Patentee requests the issuance of a Certificate of Correction for a typographical error in claim 1 of the subject patent. Since the mistake was the fault of Patentee, the appropriate fee is attached. Our check in the amount of \$100.00 covering the fee set forth in 37 CFR 1.20(a) is enclosed.

The typographical error relates to the final phrase of the claim related to placing the workpiece on the support device which is operatively connected to a cover of the furnace. This phrase was mistakenly included at this location. In fact, this language had been previously moved and inserted in claim 1 in lines 8-10 and 12 (line numbers of the printed patent). When this language was inserted earlier in the claim, it was intended to be removed at the end of the claim. This was correctly accomplished in the final version of claim 1 in the parent application

of the present issued patent, namely Application No. 10/286,855 which was filed on November 4, 2002. The final version of that claim was submitted in an amendment of September 24, 2003. In filing Application 10/727,533 on December 5, 2003, this phrase was reinserted, which was a typographical error.

Patentee submits that no new issues are involved by removing this phrase, no re-examination is necessary and no new matter is being inserted. In fact, the inclusion of this material in the paragraph relating to the transporting of the foreign material is completely out of place and has no meaning. Further, since the same material was already included in lines 8-10 and 12, it is redundant and therefore unnecessary.

In view of the above, Patentee requests that the Certificate of Correction be granted.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to our Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under § 1.17; particularly, extension of time fees.

Dated: December 14, 2005

PATENT NO. : 6,932,003B2
APPLICATION NO. : 10/727,533
ISSUE DATE : August 23, 2005
INVENTOR(S) : John Bruce SMITH

It is certified that an error appears or errors appear in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Claim 1, column 8, lines 6-27:

1. A method for facilitating removal of foreign material associated with workpieces using a mobile furnace, the method comprising:

providing said mobile furnace with a shell defining a combustion chamber, the shell including a shell body and a cover pivotably mounted to the shell body, at least one wheel for supporting the shell so as to make the furnace mobile, and a support device disposed within the shell and operatively connected to the cover for supporting a workpiece in the combustion chamber;

moving the mobile furnace to a first location;

placing a workpiece on the support device;

heating the workpiece in the furnace for a time period and at a temperature sufficient to facilitate removal of foreign material associated with the workpiece;

removing the workpiece from the furnace; and

transporting foreign material burned in the furnace to a second location including placing the workpiece on a support device operatively connected to a cover of the furnace.
